Jack Newton Junior Golf

Jack Newton Junior Golf was established in 1986 to introduce more young people to the game of golf and to nurture their skills and enjoyment of the sport. The objectives of JNJG are to establish and service a variety of golf programs for boys and girls that create pathways through the sport and cater for the beginner through to the elite.

The Golf curriculum that will be used during the program was devised by the Jack Newton Junior Golf and was based on the Player Development Matrix developed by Golf Australia. A key requirement of the program is to provide regular feedback to the Jack Newton Junior Golf on the development of individual athletes within the squad.
